Instruction

Objective

This assessment program is an independent third-party assessment conducted by China Chamber of Commerce of Metals, Minerals & Chemicals Importers & Exporters (CCCMC) based on *Chinese Due Diligence Guidelines for Mineral Supply Chain (Second Edition)*, aiming to assess the performance of the company's due diligence management system and process, and support the company to identify the gaps that need further improvements and develop corresponding improvement measures.

Basis of the Assessment

The assessment is based on *Chinese Due Diligence Guidelines for Mineral Supply Chain (Second Edition)*, hereinafter referred to as *the Guidelines.* The companies shall meet the content of "Companies should" in *the Guidelines*. "Companies should" refers to specific requirements of *the Guidelines* for companies due diligence management, as well as the specific refinement of the requirements, which is consistent with the *OECD Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-*

Not applicable: Indicates that corresponding provisions of *the Guidelines* do not apply to the Company.

Zero tolerance: If any of the following situations occurs, it is a "zero tolerance" situation.

1. Misrepresentation, deliberately forging false evidence or vouchers;
2. Any form of support for illegal control, or illegal taxation and extortion by non-state armed groups;
3. Any form of torture, cruel, inhuman and degrading treatment;
4. Directly cause or contribute to forced or compulsory labor;
5. Cause or contribute to widespread sexual violence;
6. The worst forms of child labor;
7. War crimes or other serious violations of international humanitarian law, crimes against humanity or genocide;
8. Other situations generally considered unacceptable.

Explanation of Assessment Results

The overall assessment result is based on the percentages of "non-conformity" items and "need improvement" items. The China Chamber of Commerce of Metals, Minerals & Chemical Importers & Exporters (CCCMC) provides the following suggestions on the assessment results:

Level AAA: There is no "non-conformity" items, indicating that the company has excellent supply chain due diligence management performance.

Level AA: the percentage of "Need improvement" items does not exceed 15% of all applicable items, and the percentage of "non-conformity" items does not exceed 5% of all applicable items.

Level A: the percentage of "Need improvement" items does not exceed 25% of all applicable items, and the percentage of "non-conformity"
